HOW TO ASSEMBLE

1. Cut 10 felt ghost bodies using the template on page 1.

2. Embroider a face on each of the five front pieces; add pink cheeks.

3. Fold each 0.5 x 2-inch felt strip to make a hanging loop.

4. Place two body pieces together with the loop ends between them at the top.

5. Blanket-stitch around the edge, leaving a 1-inch opening at the bottom.

6. Add a small pinch of polyester stuffing and sew the opening closed.

7. Thread 5-6 feet of twine through the loops, spacing ghosts 3-4 inches apart.

Tip: Keep the stuffing light so the ghosts stay softly puffy, not round.
